To whom it might concern,

Dubai December 2006

Letter of appreciation,

A non certified installer from outside Bahrain, who did an installation of a Triax TCH system in SAS Diplomat Hotel in Manama, Bahrain.

The system was not correctly installed according to Triax's policy and installation guide, which as a result gave the hotel almost daily problems with the system.

When Triax's learned about this problem, we immediately took actions together with the help of our dedicated distributor in Bahrain, Yousif Awadi Establishment. The problem was rectified without any cost for the hotel, and has since been working without any interruptions or any kind of problems to our knowledge.

Triax appreciates the dedication and the effort done by Yousef Awadi Establishments team of engineers and technicians, and to help Triax maintaining it's reputation in the market.

Thank you.

Yours sincerely,

TRIAX Middle East

TO WHOM IT MAY CONCERN

This is to certify that M/s AL AWADHI COMMUNICATION successfully installed a Multimedia Home Theater System for our Military Works Directorate, Tendering & Purchasing Department.

Working with the good people from M/s Al Awadhi Communication has been a refreshing experience. We found them professional in understanding our needs and determining the scope of the work. They are both professional and knowledgeable in their approach to our project.

We appreciate Mr. B. R. Venu Gopalan, the Project Manager and Technician Mr. Hari Kumar for their co operation and assistance.

We have no hesitation in recommending their services to others. In summary we have found the working relationship entirely satisfactory and we appreciate them for their valuable services. We hope they will maintain this standard in future and we wish them all the success.
